## President Harding Proposes United States Enter League Court

**Message Indicates United States May  
Not Be So Aloof on European Affairs**

**British Press Still Paying Much Attention to  
Harding Proposal**

**NO ADHERENCE TO THE LEAGUE OF NATIONS**

**President Must Have Reason to Believe American  
People Favorable**

WASHINGTON, Feb. 27.—Postponement of action until the next session of congress upon President Harding's request for authority to enter the International Court of Justice of the League of Nations, was virtually decided upon by the senate foreign relations committee. No vote was taken but senators representing all groups said the consensus of opinion was that the matter could not be brought before the senate in the time remaining before the present session ends.

GENEVA, Feb. 27.—President Harding's proposal has been received with the deepest interest in league circles. Officials of the League of Nations while reluctant at this stage to comment on the subject, do not disguise their satisfaction over the developing interest of the United States in the permanent court.

## 21 Die from 'Flu' in Montreal in one week

MONTREAL, Feb. 27.—Twenty-one deaths from "flu" were recorded in Montreal last week, according to figures given out by Dr. S. Boucher, director of public health here. Thirty-two new cases were reported. During the preceding week there were 28 deaths.

Sixty-three deaths due to pneumonia and broncho-pneumonia were reported last week, as compared with 71 for the preceding week.

## Bow Island News

BORN.—To Mr. and Mrs. Fred Thurston, south of Bow Island, on Sunday 25th, February, a son.  
"The Review" tenders its hearty congratulations.

The little infant baby of Mr. and Mrs. Bert Foster is very sick with pneumonia, they brought it into town to stay with Mrs. Dempster, so as to get prompt medical treatment the latest report is that it was a little better, we sincerely hope it will soon be quite well again.

Mrs. Weatherly and daughter spent Sunday at the home of Mrs. B. Whitney.

Mr. A. E. Anderson has returned from a trip to Winnipeg.

Mr. and Mrs. W. A. Bateman made a business trip to Medicine Hat on Tuesday.

We are glad to report that Mr. Wm Gooddy's eldest son is recovering nicely from an operation on his nose performed by a specialist at Seattle.

Messrs Craig and Copeland were auditing at the Union Bank this week leaving on Wednesday.

The services held last Sunday at the All Saints Church, were well attended, the Rev. Mr. Leacroft conducting them. There will be Confirmation Classes for all who wish to be confirmed, the first class will be held by Mr. Leacroft on Monday 28th. March any further information, concerning these classes can be obtained from Mrs. Ridgdale.

The All Saints Ladies' Aid met at the home of Mrs. Avery on Wednesday evening, when Mrs. Roach was elected as President, in place of Mrs. Anderson who will soon be leaving Bow Island for the coast.

The next meeting will be held at the home of Mrs. Haine on Wednesday March 7th, in the afternoon at 3 p.m.

The Canadian Girls in Training put on a successful social evening on Monday at the home of the Rev. and Mrs. Harkin. All report a delightful time.

We are very sorry to hear Mrs. B. Whitney is confined to her bed this week, and hope she will soon be better.

We are very glad to see Mrs. Ridgdale is able to be out again after her illness of last week.

A complete line of Albion Four New Colors Automobile Paint in all colors get the best by buying Kyanite Swenson & Co.

Main Street—Bow Island

## Results Of Municipal Elections Last Saturday

### Bow Island Municipality

Last Saturday the Municipal District No. 94 of Bow Island held their Election for Councillor.  
There was a very close race made of it by Peter Barr who had 14 votes but J. W. Chisholm got 17 votes and so won by 3 votes.

### Eureka Municipality

GRASSY LAKE, Feb. 26.—The results of the vote Saturday in Eureka Municipal District No. 95 are Josephie 159 returned, Martin 130, returned; Johnson, 105, first term. The defeated candidates were, Primrose, 122, McGilchrist 88, and Lovell, 70.

### Burlington Municipality

FOREMOST Feb. 26.—In a keen fight Saturday at Nonstream District No. 6, J. C. Sullivan was elected over W. C. Strain, Sullivan received 50 votes and Strain 25.

### 40 Mile Municipality

MALEB, Feb. 26.—In the Municipal District of 40 Mile there was an election in District No. 4 only. N. H. Strom received 50 and Roy Lindvall 5.

### Teachers Of United Church Entertain Pupils Of Sunday School

A most delightful afternoon was spent Saturday, the 24th, from 3 to 5 o'clock, when the Primary Teachers of the United Church, consisting of Mrs. Still, Miss Matson, Miss Calder, Miss Margaret Allen, entertained their Sunday School pupils.

The little folks commenced their fun with songs, which led to numerous games, and conundrums. Recitations were enjoyed by those present from Jean Thompson, Clarence Emerson, Keith Thompson, Ruth Johnson, Dorothy Fuller, Perry Thompson, Ethel Davidson, Eleanor Ross, Jeaneth Relfe, Mildred Burnham, Blanche Hanna and Dorothy Thompson, while Audrey Blaine surprised the little circle with a song.

The afternoon concluded with a dainty little lunch, after which Ethel Davidson, very grown up, extended a vote of thanks to the Teachers for the very pleasant time they all had had.

### Fresh Groceries and New Dry Goods

I have a good line of Groceries always fresh and my dry goods are always of the best quality and very moderately priced.

## Affidavits Didn't Satisfy Judge That Ambrose Small is Dead

TORONTO, Feb. 27.—Affidavits presented to court on behalf of Mrs. Theresa Small, supporting the claim that her husband, Ambrose J. Small, the missing Toronto millionaire is dead, were not deemed sufficient by Judge Coatesworth, who directed that opportunity be given counsel acting for sisters of the missing man who are opposing Mrs. Small's effort to get control of the estate, to cross examine the makers of the affidavits and any others who may be suspected of having essential information bearing on the case. The hearing was adjourned until March 19th.

## Variety Tests Wheat

The variety tests of Wheat at the Indian Head experimental farm during the past year have again demonstrated the outstanding position occupied by Marquis Wheat, as compared with all other varieties commonly grown, for soil of a type similar to that of the Indian Head district and with similar average rainfall. While in occasional years some other variety may slightly out-yield the Marquis, yet the average results of a number of years always show the Marquis to have a commanding advantage over other varieties. The durum wheats, Acme and Kubanka A, were the closest to the Marquis in yield of any of the varieties but on this heavy soil under average rainfall conditions I would hesitate to recommend them on account of the decided weakness of straw which appears to be characteristic of this type of wheat.

The Acme variety of durum has shown marked rust resistance and the quality is a valuable one where rust is present year after year. The only bread wheat which has shown marked rust resistance is Kota, a variety which is being extensively advertised at present. It is shown in the past three years here a low yield as compared with Marquis and also a decided weakness in straw. Taking those two factors into consideration, I would hesitate to recommend it for general growing and would certainly not do so at a high price per bushel.

Red Bobs stood higher than usual this year but still remains much lower than Marquis, although it has surpassed both Kitchener and Red Fife for the first time and also for the first time matured in a shorter time than Marquis.

The following table gives the days of maturity and yield of the commoner varieties tested. A number of other new varieties were tested but as seed of these is not available for sale and as some of them have been tested for the first time they have been omitted from the list.

Name of Variety	Days to mature	Yield of grain per acre	Bush.	lbs.
Marquis, Ottawa 15	110	60	40	
Acme (durum)	102	58	40	
Kubanka (durum), Ottawa 37	102	56	40	
Red Bobs	100	53	40	
Kitchener	102	54	20	
Rusproof	102	53	40	
Kota C. J.	110	48	40	
Macaroni (durum)	102	47	40	
Ruby, Ottawa 923	92	43	20	
Red Fife, Ottawa 17	106	42	20	
Prelude, Ottawa 153	97	27	20

## Bow Island

Mr. and Mrs. Still invited the choir and some of the Sunday School Teachers of the United Church to their home on Thursday evening after several games were played and everybody enjoyed themselves. The Rev. Mr. Hocking spoke about Organizing the choir for the young people along the line of some work and a social time together after the business was done and they adjourned. Mrs. Still served a very tasty lunch.

Mr. and Mrs. J. K. Miller returned yesterday Thursday from Antelope, Sask. where they spent the winter.

Mr. and Mrs. A. Russell and Mr. and Mrs. Nevers and Mrs. Schenert were the guests of Mr. and Mrs. Hurlbut on Tuesday and quite a surprise was given Mrs. Hurlbut by the L.O.R.A. gave a number of the members gathered together and came also to spend the evening and a very enjoyable time was spent, after several games were played. Mrs. Hodgson the Woreldship Mistress made a very nice address to Mrs. Hurlbut expressing their regret to think that she was going away for a time and how she would be missed among them, after which Mrs. Hurlbut thanked them for coming to spend the evening with her and she also said she would miss the members of the lodge as she had always enjoyed herself with them, but she hoped to return again with them. After which Mrs. Hodgson called on Mr. Werts for a few words, he spoke of how she would be missed in more ways than one among the public and he hoped that they would soon return here, and then speeches from Mrs. Pollitt, Mrs. Knox, also from Mrs. Nevers and Mrs. Schenert expressing their regret that they were leaving but wishing them lots of better health and he hoped they would soon return. Mr. and Mrs. Russell, Mrs. Werts, Mrs. Carlson and Mrs. Emerson said the rest had expressed their wishes, after which the L.O.R.A. served refreshments, then all joined in singing "God be with you till we meet again" they then decided to have a social evening amongst the old timers and they certainly had enjoyed the evening.

## The True Meaning Of The Season of Lent

The season of Lent is a time of penance and mortification instituted to commemorate the forty days fast of our Divine Savior, and to honor it in a particular manner. It is a period for reflection, when we should examine ourselves on our fidelity in fulfilling the various obligations enjoined upon us by the Commandments of God.

The spirit that actuates many of our people today is contrary to this teaching. Are we really going back to Paganism?

A few years ago whoever heard of dances during Lent, now they are held as often if not more so than any other time of the year. And yet we "boast of our Civilization" we "boast of our Christianity"; paganism it should be called, downright paganism. Many of the so called Christians of our day keep Lent in what way, by making a mockery of Him whom they make a pretence at following. They call themselves Christians, followers of Christ, they ridicule both His person and His teachings by their very actions. They are devoid of Christianity. No wonder, "A Curse has fallen upon This Country;" no wonder, there is so much hatred and desire for revenge; no wonder, there is so much unrest and discontent, because Paganism is overrunning the world. There is but little reverence for God or His commandments, the world is full of irreverence, why? because the one thing that is necessary is neglected and that is Religion and until people get back to Christ and follow in the narrow path that He has mapped out for them, Paganism will reign supreme.

Contributed  
The above article dealing with the period of "Lent," "Christianity" and the appalling growth of Paganism, has been handed into the "Review" for publication and we feel sure that hundreds of people who read this, will be deeply touched by the earnest "Spiritual Exhortation" to be "faithful to Religion at all times and especially now, when the world seems to have lost its head and everything is just a mad riot."

Today is given us to think seriously and to fearlessly "Do the Right."

Tomorrow may be Too Late—for "Death" often comes swiftly and silently, "like a Thief in the night."

But if we have fearlessly done the "Right" by everybody—then may we hear these sweet words of the Master, saying: "Well done thou good and Faithful Servant enter thou into the joy of thy Lord."

And even the Angels will sing—"O Death! where is thy sting. O Grave, where is thy Victory?"

The Coward goes with the Tide but a Brave man goes against the Tide if it is Wrong

The senator also made inquiry concerning all developments in that district. He was surprised at the extent and variety of the industries there and was particularly struck with the size of the Henry

Senator McDonald Is Pleasing Optimistic Senator J. A. McDonald, of Andrew N.S. who spent Tuesday in Medicine Hat on his way back to Ottawa, after a trip to the Pacific Coast, is a decided optimist concerning the business outlook. He stated that conditions appear to be improving in both Western and Eastern Canada and he expressed the opinion that the improvement will be rapid and the coming winter will see good times again. "I believe that good times will return throughout Canada with a rush," he stated.

The senator believes that Canada should make much more use of her own coal and he advocates the construction in the big cities, of large, central heating plants which would use the coal of both Western and Eastern Canada.

"Leave it alone," is his advice concerning the "Bank Act" which is proposed to amend. He holds that the good standing as a nation is largely due to her admirably sound banking system it would be inadvisable, particularly at this time, to make any changes in the "Bank Act."

Senator McDonald was accompanied by Mrs. McDonald and they spent Tuesday in Medicine Hat in company of Mr. and Mrs. W. A. Harrison of Bow Island. Mrs. Harrison is a sister of Senator McDonald. The party made a trip to the industries there and

## The Totems At Alert Bay

A picturesque summer holiday by water from Vancouver brings one to Alert Bay at the north end of Vancouver Island.

At Alert Bay are to be seen the Totem Poles and Indian Community. Houses and the remains of the curious treacherous, popular till recently with the Siwash.

The Totems here have long since come to be regarded as one of the wonders of the world as they are able in their way as Pyramid and Sphinx. And so it is a little wonder that not a week goes by, in summer, but groups of visitors from every corner of the globe may be seen landing here from both North and South-bound boats to view at close hand these "Sphinxes of America".

The world has always had wood-carvers. But never anywhere at any time "carving" like unto these Pacific Coast Totems.

The outstanding "points" of the totem, which strike the visitor's nature for a few hours, are over whelming.

One question:  
Who carved them?  
How old are they?  
Who conceived the idea?

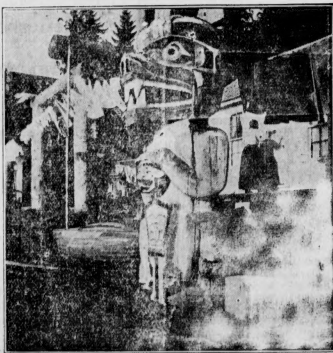

We know it was not till very lately that the Coastal Indians possessed any steel tools. How then was it possible so long ago for them to cut so deep and clean a line as here gives decision to the inter-face?

All of these questions, hundreds of others of like nature, after all these years since first the Totem was discovered by the white man, still remain without a definite answer. It is more than half the charm of the Sphinx that she has never spoken. Indeed, half the charm and spell woven of the Totem lies in the stories that every visitor beholding them, is free to weave to fancy, aided and guided by Tradition.

For though the written word may be wholly lacking, "Tradition" has never anywhere woven prettier stories, clinging like graceful draperies trailing off in to these Northern mist, than about these wooded shores of the wonderful Totems, that wind around the shore-road at Alert Bay.

Here is that marvelous figure, the Thunder Bird, with its eagle eye and hinged beak that drops open through which entrance was made to the feast-hall in times of Potluch.

"Tradition has been very busy with the Thunder-Bird. Something about it makes it 'the king of the Totems.' The story of the Thunder-Bird that ate most light on the Indian character of other days is a genuine story of totem-ism as the past of the

Bear Totem Pole.

Alerts toward their ancient foe the tribes of the Nimpkish.

The Nimpkish folk were invited to a "Potluch" and burying the hatchet, they came. Only to be murdered one at a time as they wriggled through the Thunder Bird's beak to the feast-hall. The entrance was so narrow and the blow from within so swift and unexpected that not even a sound escaped to warn the men waiting outside. Thus, tradition says "We came to death every Nimpkish who came to the feast."

Next in importance to the Thunder-Bird comes the Bear, frank-eyed and sporty, carrying between its powerful jaws the "copper" symbol of Chiefdom among the Indians to this day.

The chief whom the Bear symbolizes was evidently a hunter—pre eminently of bears. And so cleverly did he hunt and study Brinle's habits that in time he himself came to have something of the nature of the animal he hunted. The whole make-up of "The Bear" bespeaks gentility and good-humour. No one could think of him giving The Potluch that annihilated the Nimpkish.

As a true sport, every visitor to

CRUISING IN THE WEST INDIES.

SINCE ocean liners have been made as comfortable as the best city of Britain was again selected by the Canadian Pacific for the cruises to the West Indies by reason of her great popularity as a luxurious ocean liner of the most modern and comfortable type and size, being of 22,000 tons displacement. The Empress of Britain is also the only steamship making cruises to the West Indies burning fuel oil.

This outstanding feature appeals to passengers who have travelled in the Tropics as coasting or shifting coal at the various ports is eliminated and passengers are assured of spotless promenade and room spaces, with no noise, dirt or cinders.

The Empress of Britain is devoted entirely to the purposes of the cruises, and no cargo is carried. In addition to the comforts to be found usually at only the best hotels ashore the food and service are of Canadian Pacific standard. The passenger accommodation is most attractive, and not more than two persons are booked in a room unless it is desired to accommodate a family party. Those who desire to travel alone will find a good proportion of single cabins. Other attractions include a gymnasium, swimming pool, veranda cafes and large decks for games and dancing.

The itinerary of the first cruise starting from New York on January 20th, includes the following ports of call: Havana, Cuba; Port Antonio, Jamaica; Kingston, Jamaica; Colon, Panama; La Guayra, Venezuela; Port of Spain, Trinidad; La Brea Point, Trinidad; Bridgetown, Barbados; Port of France, Martinique; St. Pierre, Martinique; San Juan, Puerto Rico; Nassau, Bahamas; returning to New York, covering a distance of over six thousand miles during the 27 days of the cruise. The second cruise will start from New York on February 20th, and will be similar in most details to the schedule of the first cruise. Hamilton, Bermuda, being substituted as the final port of call.

There are excursions ashore at the various ports, conducted by representatives of the Canadian Pacific, allowing unusual opportunities for visiting every possible point of interest during each cruise. Two days will be spent ashore at Havana and two days in Jamaica, including trips to many nearby points. An additional day is provided at this year in Panama and a journey will be made from Colon through the Coladora Cut to Pedro Miguel, Panama City and Balboa. In Venezuela the trip includes one of the most fascinating rides in the world from the port of La Guayra, Caracas, the capital, 3,000 feet above the Caribbean Sea. Port Antonio, one of the prettiest spots in Jamaica, has been included in the itinerary this year.

## Alleged Attempt To Use Automobile To Murder An Informer

Sensational Charge Made at Calgary Prohibition Meeting by a Clergyman

CALGARY—Use of an automobile as a murder weapon was alleged by Rev. J.F. Knight, Methodist minister who, speaking at a prohibition meeting last week in the campaign to block a vote on government control of liquor sales in Alberta, charged that "liquor interests" in Calgary had engineered the attempted murder of a woman informer.

He charged that the woman had been cornered in a narrow street by a bootlegger in an automobile, who had first tried to run her down, and when she dodged had attempted to back over her. The man then followed her down the street and attempted to strike from the car, he alleged.

No names were mentioned by Mr. Knight, who later stated that he had not reported the matter to the police but that he would do so.

## Nebuchadnezzar Puts Tutenkhamen In Background With Ancient Temple Discovered In Ur. A Chaldean City

An ancient temple whose history goes so far back beyond the reign of King Tutenkhamen, that nobody knows exactly how old it is, has been found in Ur, the Chaldean city, which was the home of Aranan in Babylonia, has been announced by Dr. G.D. Gordon, director of the University of Pennsylvania.

This discovery according to Dr. Gordon, was made in excavations conducted jointly by the British museum and the University of Pennsylvania.

A letter from the excavators, brought the news of the discovery.

Sir Frederick Kenyon, director of the British museum who is touring the United States, was in conference with Dr. Gordon the other day.

The latest reports from the excavators, said Sir Frederick, indicate that some ancient temple, built about three millennium before Christ, was found. Additions and repairs were made to it by King Nebuchadnezzar.

"However, the work is in the early stages," he said, "and it is impossible to say how much history will be revealed. The two museums are continuing the excavations."

## CARPENTERS START BOARDING UP TOMB OF KING TUTENKHAMEN

LUXOR, Egypt.—King Tutenkhamen's tomb was finally closed to visitors Sunday afternoon. Several hundreds of persons have inspected the tomb since the inner chamber was opened.

Carpenters are now busy sawing lengths of heavy timber with which the whole shaft will be filled. The filling operations will take about two days.

## Burdett News

From our own Correspondent

An unfortunate accident took place on Sunday, when the young son, 11 years, of Mr. Herbert Thacker, of Bow Island, coming to visit his uncle George Thacker, accompanied by his younger brother both riding the same pony, the pony slipped and fell, throwing the boys, the eldest suffering a fractured arm both bones being broken above the wrist. The boy was taken back to Bow Island, where Dr. Cairns did what ever was possible to alleviate his suffering.

Mr. and Mrs. Llewellyn who have been visiting in Magrath returned home last Thursday.

Mr. C. L. Adams, commonly called "peanut" spent a few days in town last week.

Mr. R. B. Clark left last week for Long Beach, California. We are sure he won't find the climate of California any nicer than Alberta has been this winter.

The U.F.A. put on their dance on Friday 23rd. although not so many as usual turned out, there was a good party and with the good music that was furnished everyone enjoyed themselves.

Mr. W. B. Norman of Lethbridge was the guest of Mr. and Mrs. McKinnon over Sunday.

At a recent meeting of the Consolidated School Board, it was found necessary to appoint a Treasury Officer. Mr. F. A. Lumbard was appointed to fill the place and it will be his duty to investigate, when children are habitually absent from school, and report to the authorities.

Mr. Roscoe Layman, who has been in the State of Washington most of the winter, returned home last week.

Mr. Ab. Owen, went to Medicine Hat Monday and returned home Tuesday accompanied by Mrs. Owen who has been a patient in the Hospital, Mrs. Owen, thoughtfully very weak, expects to be as well as ever when she gets her strength back.

Mrs. V. V. Bow went to Medicine Hat the first of the week with her little boy, who was suffering from adenoids, to have them removed, she expects to return home on Saturday.

## Sugar Drops At New York

NEW YORK, Feb. 27.—Raw sugar prices broke one-half cent a pound today, Cubans declining to 4 3/4 under increased offerings from operators.

Refined sugar also dropped and local refiners reduced fine granulated to the retailers to 85.15.

## Contributed

The election in No. 4 division of the Municipal District of Forty Mile which was held last Saturday came off in favor of Mr. N. B. Strom, never in the history of the Municipal District of Forty Mile was there a more surprising election for the candidates as well as for the voters. From the 16 voters cast Mr. Strom had the honor to get 50 for his share and the other candidate Mr. Roy Lindwall had to be satisfied with only 5. Mr. Strom had thus a little better than 92 % of the actual amount of votes, but we claim him elected with 100 %, as the 5 votes Mr. Lindwall received we can expect that these came from himself, his nominators and their wives. When a person is doing his duty like Mr. Strom always did then it is very hard for anybody to throw such a vote out of the saddle. When Mr. Strom kept on in doing straight and honest dealing, connected with the business as councillor, I believe his place will not be contested the next time when his term expires. This is the second election lately which turned out in Mr. Strom's favor as I am told that in the last annual meeting of the voters of the Ballman School District his name was voted on in every ballot paper. In the election for school trustees. Twice elected in two months with 100 % of the votes, who can beat that?

## Boom Continues in Welsh Coal Industry

LONDON, Feb. 27.—(C. P. Cable).—The boom in Welsh Coal for Germany and the continent generally continues and the mine owners are refusing thirty-two shillings for the best admiralty coal and nominally quoting thirty-five shillings. Coal prices have been steadily advancing and are likely to go higher before the week end. France alone took a quarter of a million tons of Welsh coal last week.

## Germany Places Large Coal Orders

As Result of French Occupation of Ruhr, Scottish Collieries Are Booming

LONDON.—Owing to large orders of coal from Germany the Scottish collieries are booming these days. Over 2,000,000 tons of coal have been shipped from Scotland to Germany as the outcome of the French occupation of the Ruhr.

## France's Total Debt To Great Britain

LONDON, Feb. 27.—France's total debt to Great Britain including accrued interests approximates \$210,000,000, the house of commons was informed by the chancellor of exchequer.

## Had Served Five Years; Released Because Man Confessed To Murder

COLUMBUS, Ohio.—Clarence McKinney, who five months ago was sentenced to life imprisonment for murder, expects to be a free man soon, following the confession of Louis Vandervoort, son of a wealthy Jamestown fruit grower, that he and not McKinney committed the crime Vandervoort was sentenced to a life term.

## Here and There

Liverpool.—Atlantic liners are finding there is a run on the ship's library. Over 4,000 books are distributed amongst the Canadian Pacific liners alone, and reading on board has become so popular that, in addition, bookstalls with all the latest magazines have been installed on all the Canadian Pacific passenger steamers.

London, Ont.—John Anderson, well-known C. P. R. conductor, has retired on pension. Mr. Anderson entered the service of the Canadian Pacific as a trainman on the London division on May 14, 1881, was promoted to a freight conductor in 1884 and promoted to passenger conductor on June 1, 1897, which position he has since held.

Meane Jaw.—Out of a total of 44,917 cars of grain loaded at country elevators on the Canadian Pacific lines in the three prairie provinces, between September 1 and October 14, 25,500 cars were loaded in the Saskatchewan district.

The total quantity of grain shipped on the Canadian Pacific lines up until October 14th, was 65,219,486 bushels, or an average of 1,452 bushels per car.

Some idea of the enormous increase in the quantity of grain handled this year, up until October 14, as compared with the amount handled in the same period in 1915 and 1921, can be obtained from the figures following:

Year	Shipped	Local Market	Bushels	Cars	Bushels
1915	45,068,580	32,358	48,540,000		
1921	45,479,422	31,364	45,741,011		
1922	65,219,486	44,817	84,959,154		

## HERE AND THERE

LETHBRIDGE.—U. C. Shindler, D.R.O. for some time C. P. R. trainmaster here, has been transferred to Port Huron, B. C., where he will occupy the same position on the Kettle Valley Railway, a branch of the Canadian Pacific. Mr. Shindler is succeeded here by C. E. Legg, who has been at once. Coming to Lethbridge from over seas August 1, 1922, Mr. Shindler has been a resident of the city continuously since that time.

Toronto.—Remarkably quick time was made by a special train traveling between Montreal and Toronto recently, carrying a large number of students from Dalhousie and McGill Universities. The train left Windsor at 10:37 a.m. and arrived in Toronto at 5:15 p.m., thus covering the distance of 236 miles in 6 hours, and 38 minutes. A storm was raging during the trip.

PORT ARTHUR.—An official announcement by the C. P. R. at Winnipeg says:—"At Port Arthur additional truckage will be provided to accommodate grain consigned to the terminal elevators at Current River."

ROBE.—Sixty tons of Canadian commodities of various kinds have arrived at Shanghai to be placed in the newly-established Canadian sample storehouse originated by Dr. J. W. Ross, Canadian Government trade commissioner at Shanghai. The show rooms will be in charge of Dr. H. Burke, who has spent several years in China as a representative of Canadian manufacturers. Dr. Ross states that Canada is more interested than ever in the upbuilding of the Orient, and the opening of the sales rooms is "a valuable indication of the efforts being made to accomplish that purpose."

Winnipeg.—The subway at the Canadian Pacific Railway station is about to be put into commission. All six passenger tracks in the position terminal are completed, and the first four tracks are in operation. The work of completing the subway is in full swing. The stairways are in place and the interior of the subway is lined with the handsome glazed tile.

When the subway is put into commission the general public will not be permitted on the station platform. The tickets will be inspected at the doors leading from the waiting room to the subway. Passengers alighting from trains will descend the stairs to the subway and then pass up the stairs into the depot. The completion of the subway will finish the building programme undertaken by the company three years ago.
